

System Summary

The **SFES PRO TO-SSQD 10 Twin Combo System** provides excellent sediment filtration, chlorine removal and mineral scale control. The Combo System is specifically designed to feed multiple pieces of equipment where different treatment requirements are needed.

The system utilizes a premium high grade carbon block filter ensuring high flow rates and treatment volumes.

The TO-SSQD 10 Twin Combo System also incorporates the patented HydroBlend™/ScaleStick™ scale control providing unparalleled mineral scale prevention and corrosion control for predictable treatment periods.

Benefits

Mineral scale buildup responsible for increased maintenance is reduced

Removes sediment that causes cloudy ice and plugs distribution tubes and float valves

Energy efficiency and machine life are increased while reducing costly service calls

Removes chlorine to improve taste and reduce potential corrosion issues

Installation Summary

Place system in an accessible location for ease of filter replacement

Ensure that the system is mounted vertically with a minimum of 2" clearance from the bottom of the system to allow for filter replacement

Cold water inlet feed only

Do not over tighten fittings

Operating Tips

Recommended cartridge replacement every 6 months

Features

Bayonet style quick disconnect cartridge makes filter replacement sanitary, quick and easy

Compact design facilitates system placement and installation

HydroBlend™/ScaleStick™ provides optimum scale prevention and a consistent feed throughout the life of the cartridge

Dual outlets with one dedicated to protecting equipment that is susceptible to scale buildup

Application

Whole Store Filtration

Ice Machines

Beverage Systems

Cooking Equipment

System Specifications

Rated Service Flow

1.65 gpm. (6.24 lpm.)

Rated Capacity

10,000 gal. (Chlorine Removal)

Operating Pressure/Temperature

30 - 125 psi. (2 - 8.6 bar) non-shock
35° - 100°F (2° - 38°C)

Connection Size

1/2" MNPT

System Dimensions

20.85" x 11" x 4" (HxWxD)

*Width w/ 1/2" Cross Kit: 13"

Replacement Filter(s)

- (1) 310360 - PRO TO-10 Cartridge
- (1) 310390 - PRO SS-QD Cartridge

* Additional Accessory

- (1) 310332 - 1/2" Cross Kit w/ Valve & Gauge

- (1) Outlet w/o Scale Control
- (2) Outlet with Scale Control

Warranty

PRO systems are covered by a limited warranty against defects in material or workmanship for a period of 1 year after the date of purchase.

PRO replacement filters are covered by a limited warranty against defects in material or workmanship for a period of 1 year after the date of purchase.

Please call 1-800-935-8500 for further warranty information.

Additional Info

Do not use with water that is microbiologically unsafe or unknown quality without adequate disinfection before or after the system

System should be installed in compliance with state and local laws and regulations.
