

Ordering Guidelines

When ordering **SFES PRO** Systems, you will need to identify which head and filter(s) are needed as these are not offered as complete systems. For example; If a TOS-16 Triple System is desired, you must order (1) Triple Head and (3) of the same desired filters. On standard twin, triple, and quad manifolds, the same cartridges must be used as these systems are run in a parallel configuration.

Filters

ITEM #	NAME	DESCRIPTION
310360	SFES PRO, TO-10	10" Sediment, Chlorine, Taste & Odor Cartridge
310362	SFES PRO, TOS-10	10" Sediment, Chlorine, Taste & Odor w/ Scale Control Cartridge
310364	SFES PRO, TO-16	16" Sediment, Chlorine, Taste & Odor Cartridge
310366	SFES PRO, TOS-16	16" Sediment, Chlorine, Taste & Odor w/ Scale Control Cartridge
310370	SFES PRO, TOF-10	10" Heavy Sediment, Chlorine, Taste & Odor Cartridge
310371	SFES PRO, TOC-10	10" Sediment, Chlorine, Chloramine Taste & Odor Cartridge
310372	SFES PRO, TOSF-10	10" Heavy Sediment, Chlorine, Taste & Odor w/ Scale Control Cartridge
310373	SFES PRO, TOSC-10	10" Sediment, Chlorine, Chloramine Taste & Odor w/ Scale Control Cartridge
310374	SFES PRO, TOF-16	16" Heavy Sediment, Chlorine, Taste & Odor Cartridge
310375	SFES PRO, TOC-16	16" Sediment, Chlorine, Chloramine Taste & Odor Cartridge
310376	SFES PRO, TOSF-16	16" Heavy Sediment, Chlorine, Taste & Odor w/ Scale Control Cartridge
310377	SFES PRO, TOSC-16	16" Sediment, Chlorine, Chloramine Taste & Odor w/ Scale Control Cartridge
310380	SFES PRO, SD-10	10" Sediment Cartridge
310382	SFES PRO, SDS-10	10" Sediment w/ Scale Control Cartridge
310384	SFES PRO, SD-16	16" Sediment Cartridge
310386	SFES PRO, SDS-16	16" Sediment w/ Scale Control Cartridge
310388	SFES PRO, SOFT-16	16" Softening Cartridge
310390	SFES PRO, SS-QD	10" Scale Control Cartridge

Head Connections

SFES PRO filter systems are available in several different fitting connections. These proprietary fittings come in 3/8" FNPT, MNPT, Push Connect & 1/2" MNPT. All manifolded head systems come standard with 1/2" MNPT fittings. Additional accessories such as a solo flush valve kit and a cross kit that includes a pressure gauge and flush valve are also available. The cross kit comes in two different size connections: 3/8" MNPT & 1/2" MNPT.

Heads & Kits

ITEM #	NAME	DESCRIPTION
310301	Single Head 1/2" MPT	Single Head with 1/2" MPT Fitting Connections & Mounting Bracket
310303	Single Head 3/8" MPT	Single Head with 3/8" MPT Fitting Connections & Mounting Bracket
310306	Single Head 3/8" FPT	Single Head with 3/8" FPT Fitting Connections & Mounting Bracket
310309	Single Head 3/8" QD	Single Head with 3/8" John Guest QD Fitting Connections & Mounting Bracket
310312	Twin Head	Twin Parallel Manifold with 1/2" MPT Fitting Connections & Mounting Bracket
310315	Triple Head	Triple Parallel Manifold with 1/2" MPT Fitting Connections & Mounting Bracket
310318	Quad Head	Quad Parallel Manifold with 1/2" MPT Fitting Connections & Mounting Bracket
310330	Flush Valve Kit	3/8" Flush Valve Kit with Ball Valve and Tubing
310332	1/2" Cross Kit	1/2" MPT Cross Kit with Pressure Gauge & Drain Valve
310338	3/8" Cross Kit	3/8" MPT Cross Kit with Pressure Gauge & Drain Valve

Combo and Series Systems

ITEM #	NAME	DESCRIPTION
310402	TO-SSQD 10 Twin Combo	10" Twin Combo System w/ Dual Outlets including TO & SSQD filters
310404	TO-SSQD 10 Triple Combo	10" Triple Combo System w/ Dual Outlets including TO & SSQD filters
310406	TO-SSQD 10 Quad Combo	10" Quad Combo System w/ Dual Outlets including TO & SSQD filters
310412	TO-SSQD 16 Twin Combo	16" Twin Combo System w/ Dual Outlets including TO & SSQD filters
310414	TO-SSQD 16 Triple Combo	16" Triple Combo System w/ Dual Outlets including TO & SSQD filters
310416	TO-SSQD 16 Quad Combo	16" Twin Combo System w/ Dual Outlets including TO & SSQD filters
310401	TO-SSQD 10 Twin Series	10" Twin Series System w/ TO & SSQD filters
310403	TO-SSQD 10 Triple Series	10" Twin Series System w/ TO & SSQD filters
310411	TO-SSQD 16 Twin Series	16" Twin Series System w/ TO & SSQD filters
310413	TO-SSQD 16 Triple Series	16" Twin Series System w/ TO & SSQD filters

* By request, Combo and Series Systems are available with TOF and TOC filters.
